Parts Lists and Component Information

Each phone model is associated with two NMP engine codes, depending on where the phone was manufactured. Table 1 shows the different models and NMP engine codes associated with each model.

Table 1: Model Numbers and Corresponding NMP Engine Codes

Model Numbers	NMP Engine Codes
6012	0202259
	0202399
6015	0202481
	0202491
6015i/6016i*	0202277
	0202398
6019i	0202499
	0202500

*6015i and 6016i share the same NMP engine module.

Organization Summary

In this chapter, each phone model has its own section, and each section is further divided into two subsections based on the NMP engine codes. In order to view the part and component information for your specific phone, you must know the phone's model and NMP engine code.

For example, Figure 1 shows how the parts list and layout information is organized for model 6015.

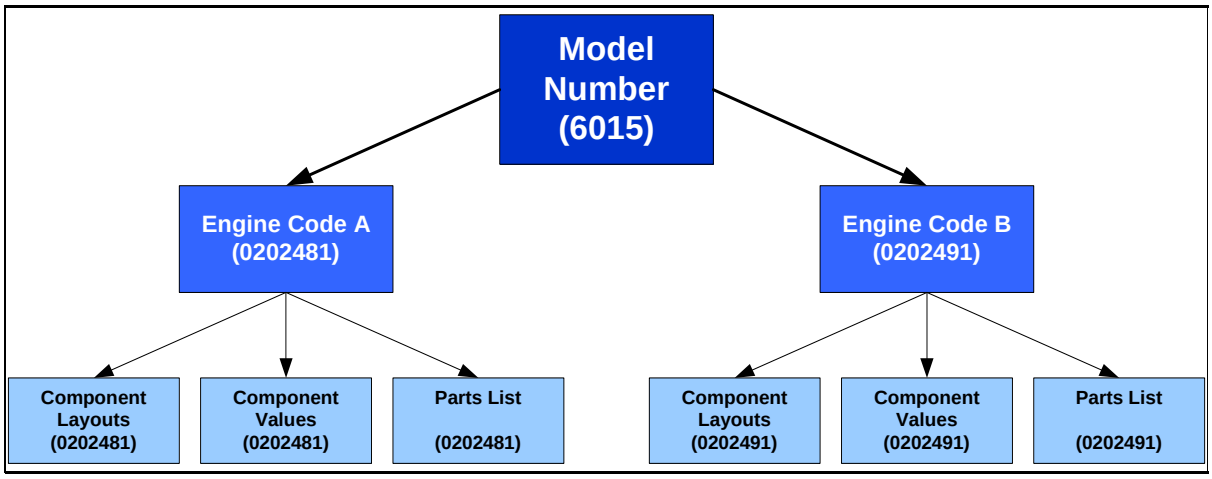

Figure 1: Parts list organization example for model 6015
